Subject: RE: I oppose Duke's latest rate hike for dirty energy

Dear Mr. Wiggs,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2013-59-E and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Assistant

Subject: I oppose Duke's latest rate hike for dirty energy

Apr 20, 2013

South Carolina Public Service Commission

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

Steve Wiggs

South Carolina Public Service Commission

Dear Public Service Commission,

Duke should stop investing in dirty & dangerous old energy sources like coal and nuclear, and actively pursue the cheaper & healthier renewable technologies its executives claim to support. We need the Carolinas to be more energy efficient powered by local wind & solar power. Such common sense and ethical change will, moreover, provide employment for thousands of Carolinians.

Sincerely,

E Jezierski
